ERROR CLIENT CODE MODIFICATION POLICY

Objective:

The main objective of the policy is to deal with modification of client code due to error in punching the order, to eliminate miss use of error code modification and create an awareness amongst the relevant staff such as dealers, Branch In charge, Compliance Officer, Sub-brokers and Authorised Person on the said subject.

Background:

SEBI vide its circular no. CIR/DNPD/6/2011 dated July 5, 2011 and National Stock Exchange vide circular nos. NSE/INVG/2011/18281 dated July 5, 2011, NSE/INVG/2011/18484 dated July 29, 2011 and NSE/INVG/2011/18716 dated August 26, 2011 and other circulars issued by various Exchanges directed that modifications of client codes of non-institutional trades are done only to rectify a genuine error in entry of client code at the time of placing / modifying the related order.

As per the above mentioned circulars, the Stock Exchanges shall levy penalty to the Trading Members for Client Code Modification, which may change from time to time and the same may also be passed on to the client, if the error is due to Client mistake, if any deficiency is observed in client code modification beyond certain levels the Exchanges may also take appropriate disciplinary action.

Policy:

As a matter of principle, ISL currently doesn't encourage client code modification of executed trades.

In order to maintain an orderly trade data, all the dealers are advised to hear patiently the Client Code, Scrip name, rate etc. and reconfirm the same before placing the order.

However, with the expansion of business and large retail clientele trading, ISL is aware that there is possibility of a trade being executed erroneously under wrong UCC due to genuine punching mistake by the terminal user. For this reason, ISL is adopting a policy for client code modification / error account trade as follows:

- a) Client code modification requests will be strictly accepted only to rectify the genuine errors in entry of client code at the time of placing / modifying the related order; consequently dealers are expected to take utmost care / precaution while execution of client trades.
- b) ISL shall have the absolute discretion to accept, refuse or partially accept the client code modification requests based on Risk Perception and other factors considered relevant by us. ISL or any of its directors, employees will not be held responsible for Damages / losses due to such refusal or due to delay caused by such review.

- c) We understand that, As per SEBI circular dated July 5, 2011 on client code modifications, penalty will be levied on all client code modifications w.e.f. August 1, 2011 (including genuine errors).
- d) ISL will allow Modifications in the client codes of Non-Institutional clients only for the following objective Criteria provided there is no consistent pattern in such modifications:
- Error due to communication and / or punching or typing such that the original client code / name and the modified client code / name are similar to each other.
 - Modification within relatives (Relative for this purpose would mean 'Relative' as defined under sec. 6 the Companies Act, 1956)
 - Such modifications should not be repetitive in nature.
- e) For easy identification of “ERROR ACCOUNT”, ISL have registered a fresh client code as “ERROR” in Back office & the same has been uploaded in the UCC database of the Exchange(s)
- i. Transfer of all such identified Erroneous trades would be transferred to “ERROR” Code Account and immediately be liquidated in the Open Market through “ERROR” Code only.
 - ii. Any transfer of trade (Non-institutional) to “ERROR” of ISL would not be treated as modification of client code and would not attract any amount of penalty, provided the trades in “ERROR” are subsequently liquidated in the market through “ERROR” Code and not shifted to some other client code. However operational costs as applicable & Profit / Loss from the transaction will be transferred to the concerned Dealer / Associate / Person responsible for the same
 - iii. Client Code Modification requests through “ERROR ACCOUNT” will be accepted only before the close of Trading Session of that day.(i.e., Equity segment 3.30 p.m. & Currency segment 5p.m and Commodity 11.30p.m.)
 - iv. Any client code modification will be allowed only with the prior approval of the Senior management and the Compliance Officer / Concerned Operations in charge should review every day the Error Account file sent by the Exchange
 - v. All cases of modification of client codes of non-institutional trades executed on the Exchange and not transferred to ISL “ERROR ACCOUNT”, shall be liable for a penalty of 1% of value of non-institutional trades modified if value of non- institutional trades modified as a percentage of total value of non- institutional trades executed is less than or equal to 5% and penalty of 2% if modification exceeds 5%, in a segment during a month or as decided upon by the regulators from time to time. In addition to above it is well within rights of ISL to levy additional penalties in case concerned Dealer fails to submit any sufficiently valid
